Priscilla Groh is the Founder and President of Cheering for Charity Foundation, a non-profit organization whose mission is to help those and their caregivers with Alzheimer's and other memory disorders.

Priscilla cared for her mother who had Alzheimer's for 9 years until she lost her battle in 2008.

"Alzheimer's disease is life-changing for both the patient and those who care for them. This dreadful disease robbed my mother of her identity, and put my family through a terrible journey. I understand what you are going through because I have been there."
